Idioms 1 Booklet

Interactive Books: Idioms 1

Introduction

Welcome to the Interactive Idioms booklet. Idioms are a complex but highly important area of language. Hot English has a unique approach to teaching them with five key features:

1 Key language

- The language in these booklets has been carefully-selected so you'll only learn the most useful Idioms.

2 Images

- The photos and illustrations will help you understand the Idioms by creating a link between the images and the idioms.

3 Audio files

- The recorded audio files will help you with the pronunciation of the idioms. Listening to the example sentences will also help you remember the idioms, especially if you hear them over and over again.

4 Topic areas

- The Idioms have been divided up into topic areas. This is good for you because by organising language, it's easier for you to memorise it.

5 Example sentences

- The example sentences will give you a clear example of how the idioms are used. Plus, they'll help you memorise the idioms. Remember, for effective learning, you should always learn language in phrases or sentences – never as individual words or expressions!

Idioms are a colourful, fun aspect of language. They're often used in both spoken and written English so it's important for you to be able to understand and recognise them. Idioms can also help you learn something about the culture of English-speaking countries as their origins are often based on the history, humour, cuisine, geography, psychology ethics and values of a nation. Idioms can be used to add humour to your conversation, or can be used to convey subtle meanings. They're also often an effective means of summing up a mutually-understood situation or feeling.

We hope you enjoy learning these idioms!

How to use the material

- Before reading or listening to the material, look at the images. They'll help you understand the idioms. Later, you can refer to the pictures while you're reading and listening to the definitions and example sentences. This will also help you remember the language.
- Read and listen to the audio files. This will help you understand the language, remember it and hear how it's pronounced. Later, you can listen to the audio files on their own (without the text) while you're in the car, jogging in the park, lying on the sofa, walking in the street... This will really help you memorise the idioms.
- Listen and repeat the example sentences. This will help with your pronunciation of the language, and will also help you memorise it.
